### **About Oxford Immunotec**

Oxford Immunotec Global PLC is a global, commercial-stage diagnostics company focused on developing and commercializing proprietary tests for the management of immune-regulated conditions. The Company's first product is the T-SPOT<sup>®</sup>.*TB* test, which is used to test for tuberculosis infection. The T-SPOT.*TB* test has been approved for sale in over 50 countries, including the United States, where it has received pre-market approval from the Food and Drug Administration, Europe, where it has obtained a CE mark, as well as Japan and China. The T-SPOT.*CMV* test is the Company's second product and the first in a series of products intended for the transplantation market. Overall, the Company has seven active development programs, each of which leverages our T cell, B cell and innate immune measuring technology. The Company is headquartered near Oxford, U.K. and in Marlborough, Mass. Additional information can be found at [www.oxfordimmunotec.com](http://www.oxfordimmunotec.com).
